IT'S MORE THAN WHAT YOU SEE ON THE ROAD.

PACKAGING // CREW // SUPPORT // REHEARSAL STUDIOS

SUPPORT

With our 24/7 equipment and labor support, you can rest easy knowing that your show is backed by our experienced, responsive, and reliable team—and that the gear is good to go.

We believe that regular maintenance and quality-checking is key in delivering technically sound productions each and every time.

PACKAGING

Fast and efficient load-ins and load-outs? It's what we all want. Think inside the box—better packaging means more efficient set-ups and strikes. **Higher cost savings.**

Less worry. More happy.

We believe that easy-to-use packaging can be the difference between eight hours of sleep and four.

CREW

We're here to support you, follow through, and do whatever it takes to get the job done right. Because we believe that unforgettable shows are the product of strong relationships. It's simple. We're the people you want to go on the road with.

REHEARSAL STUDIOS

STATE-OF-THE-ART COMES STANDARD

LMG Touring offers studio spaces in convenient locations across the US. All studios are fully equipped with amenities for touring artists.

LAS VEGAS STUDIO

Our Las Vegas studio fits a typical 60 ft. X 40 ft. arena stage with wings and is a total of 8,500+ sq. ft. with a 52 ft. trim height.

WAYNE'S WORLD COMMERCIAL SUPERBOWL LV

For the Super Bowl LV, Wayne and Garth reunited for the ultimate Wayne's World revival in LMG Touring's very own Las Vegas studio. We hosted the production team of over 100 crew and actors as well as supplied rigging servers for the set build. The original basement of Wayne Campbell's house was recaptured, offering the duo the perfect atmosphere to "Party on!"

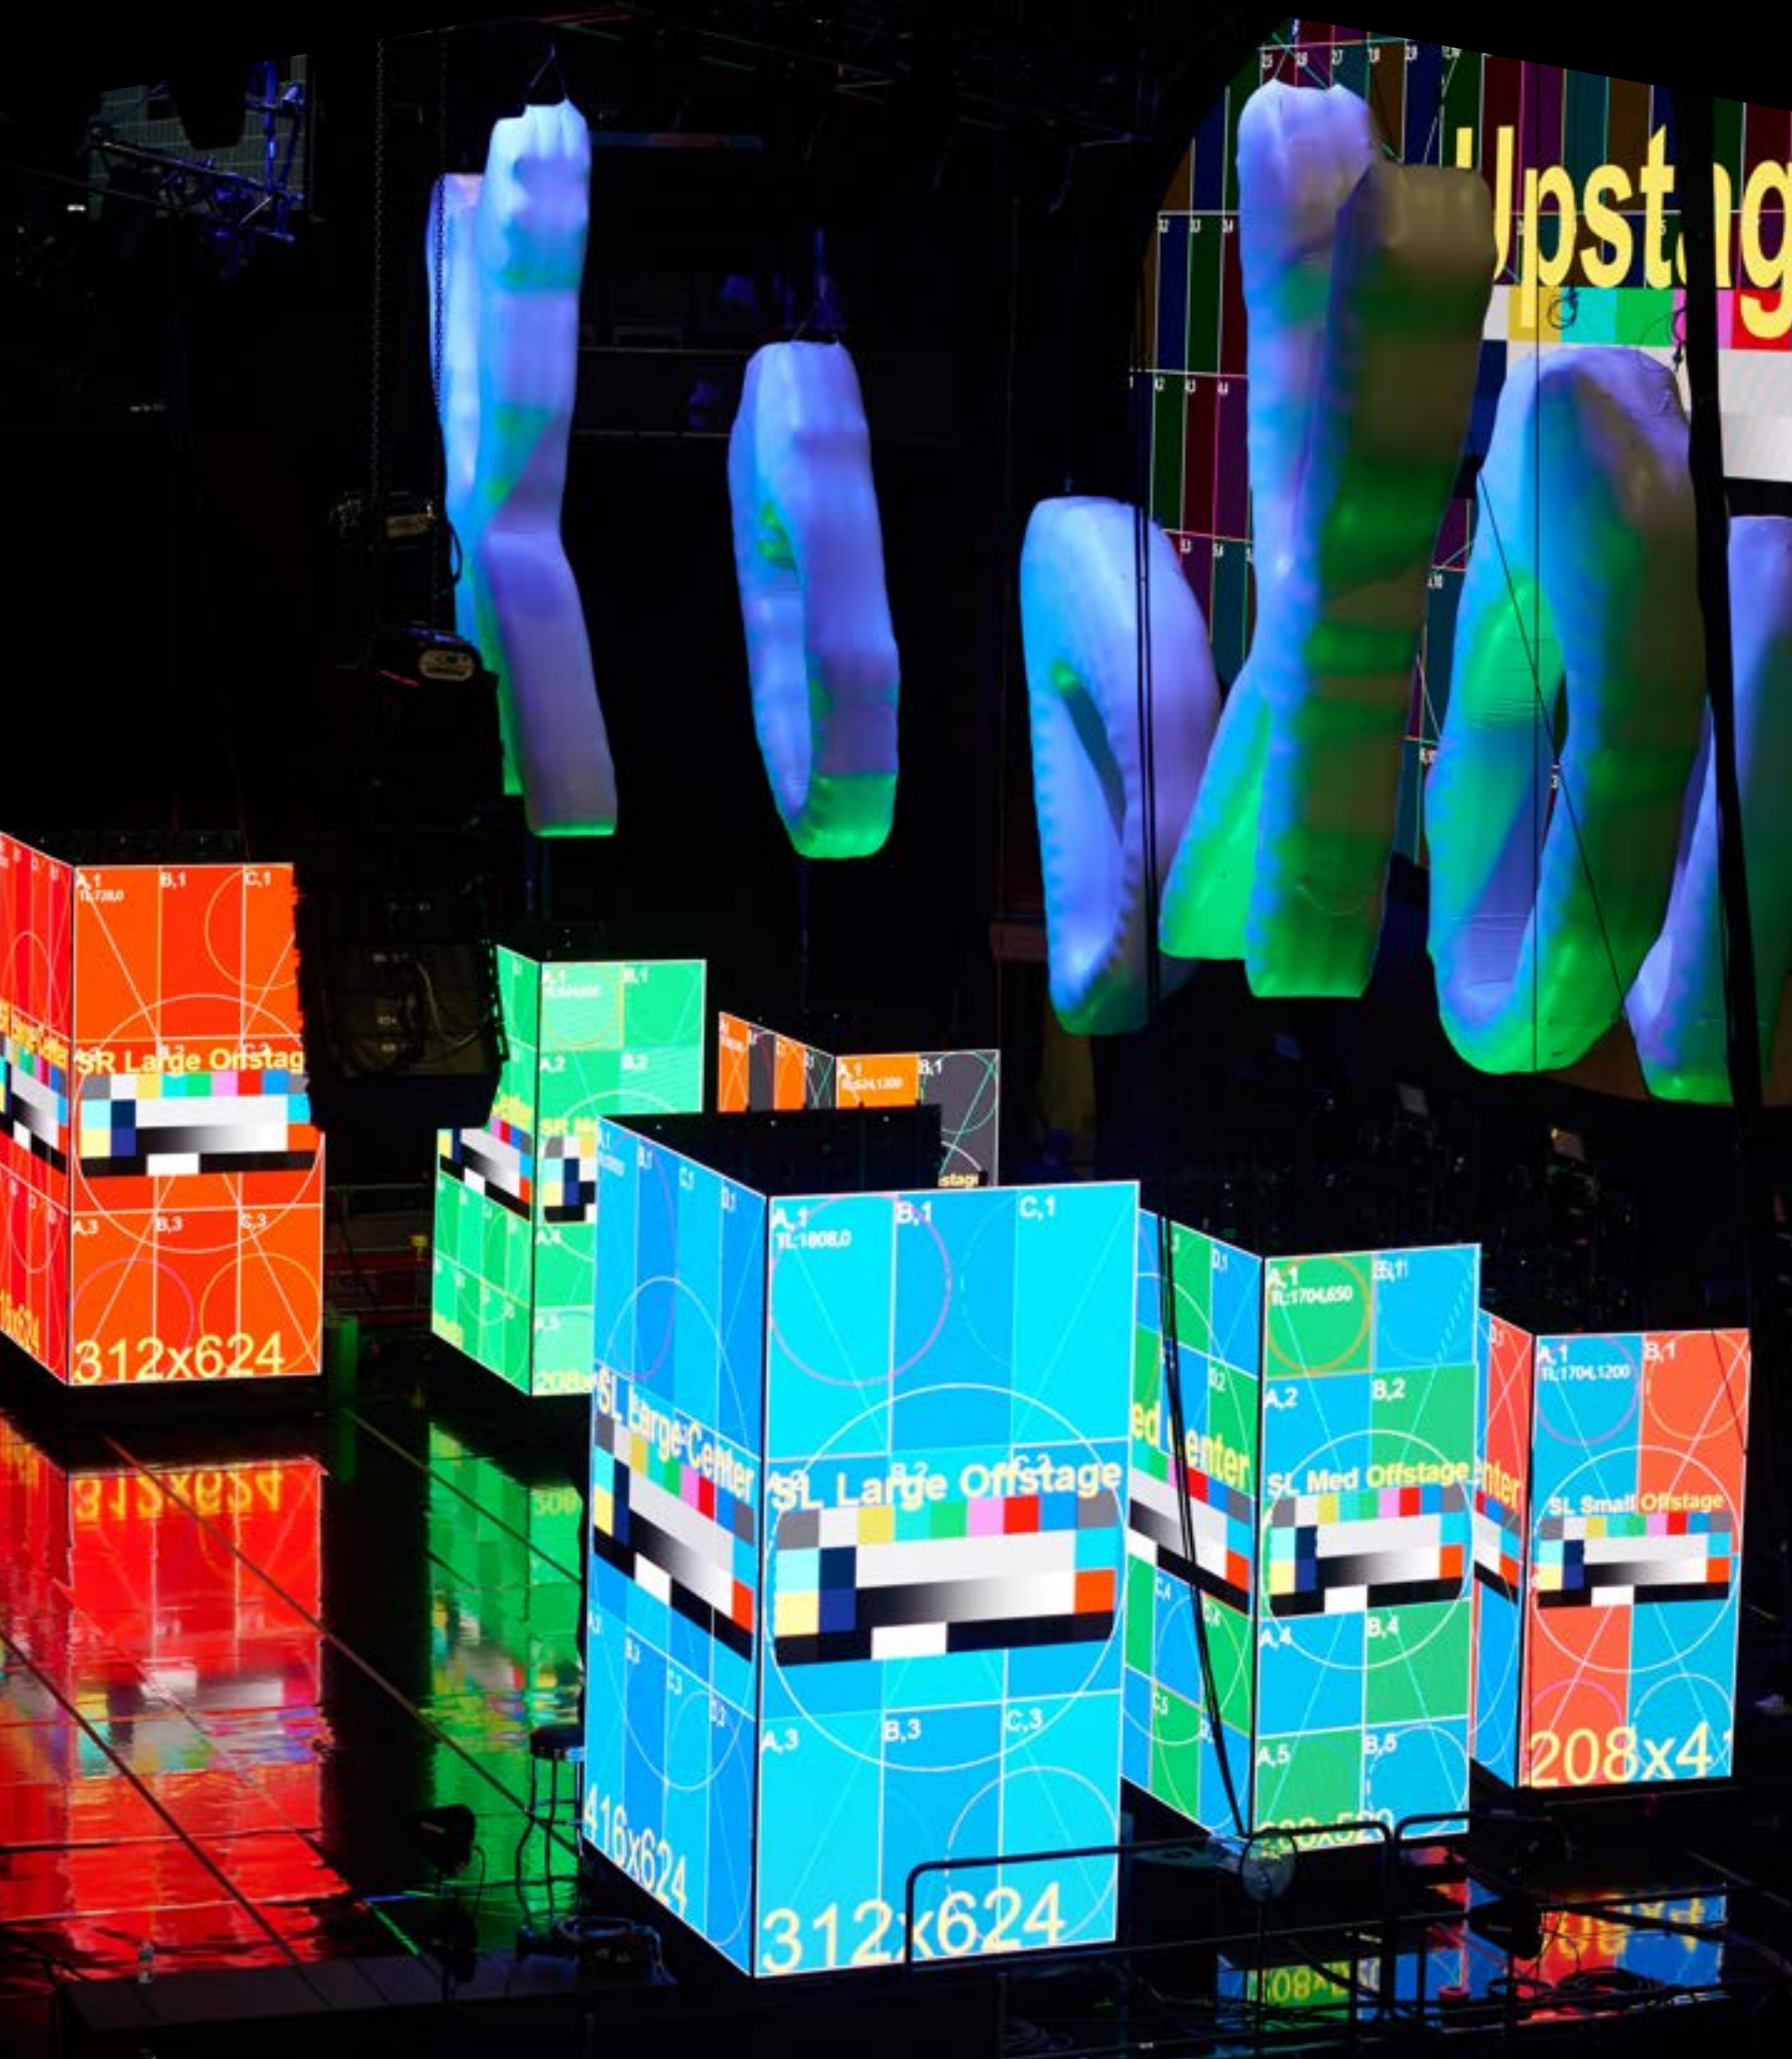

ORLANDO STUDIO

Our Orlando studio features two combinable studios with a total of 5,400+ sq. ft. and a 31 ft. trim height.

VIDEO

Camera // Switchers // Media Servers // Projection Mapping

CAMERAS

LMG Touring is a leading provider of high-quality camera systems. Our 4K cameras provide a larger and sharper image with uncompromised image quality and dynamic range. Not only can they accommodate larger screens, they deliver clear and vibrant imagery that integrates seamlessly into the most advanced production workflows - allowing you to capture all of the finest detail of your show.

SWITCHERS

Ross Carbonite serves as the backbone of LMG Touring's extensive 3x switching system packages. From a Black Solo 1080p/HD tabletop switcher to the 3ME CFV package, our premium features allow for the ultimate experience. Our 3ME CFV package provides the entire furniture work surface for the switcher and travels with a separate shading rack. We provide our clients with the ability to capture and present content with ease.

MEDIA SERVERS

Pave the way for a powerful visual experience that puts you at the center of technology, creating an immersive environment guaranteed to leave a lasting impression. LMG Touring's unique concierge-style service enables you to create a truly customized configuration with tour-specific racks, wiring, and support featuring state-of-the-art Disguise VX4 servers, Resolume servers, Watchout servers and more.

PROJECTION MAPPING

From the stage to the artist and everything in between, LMG Touring helps you take projection mapping to a new level. With disguise OmniCal optical converging systems and a vast inventory of Ultra Short throw projection lenses, you are able to display content on surfaces and in spaces that were previously inaccessible.

AUDIO

Consoles // Speakers

SPEAKERS

Sound reinforcement is critical for sound clarity and quality during your event. From custom FOH racks to our L-Acoustics inventory, getting the sound right with quick and easy deployment isn't just important, it's crucial.

CONSOLES

Partnering with some of the industry's leading brands - SSL, DiGiCo and Avid - LMG Touring is focused on offering top of the line consoles that can handle a range of inputs, and are sonically at the top of their class.

LIGHTING

Lighting & Consoles // Rigs & Prep

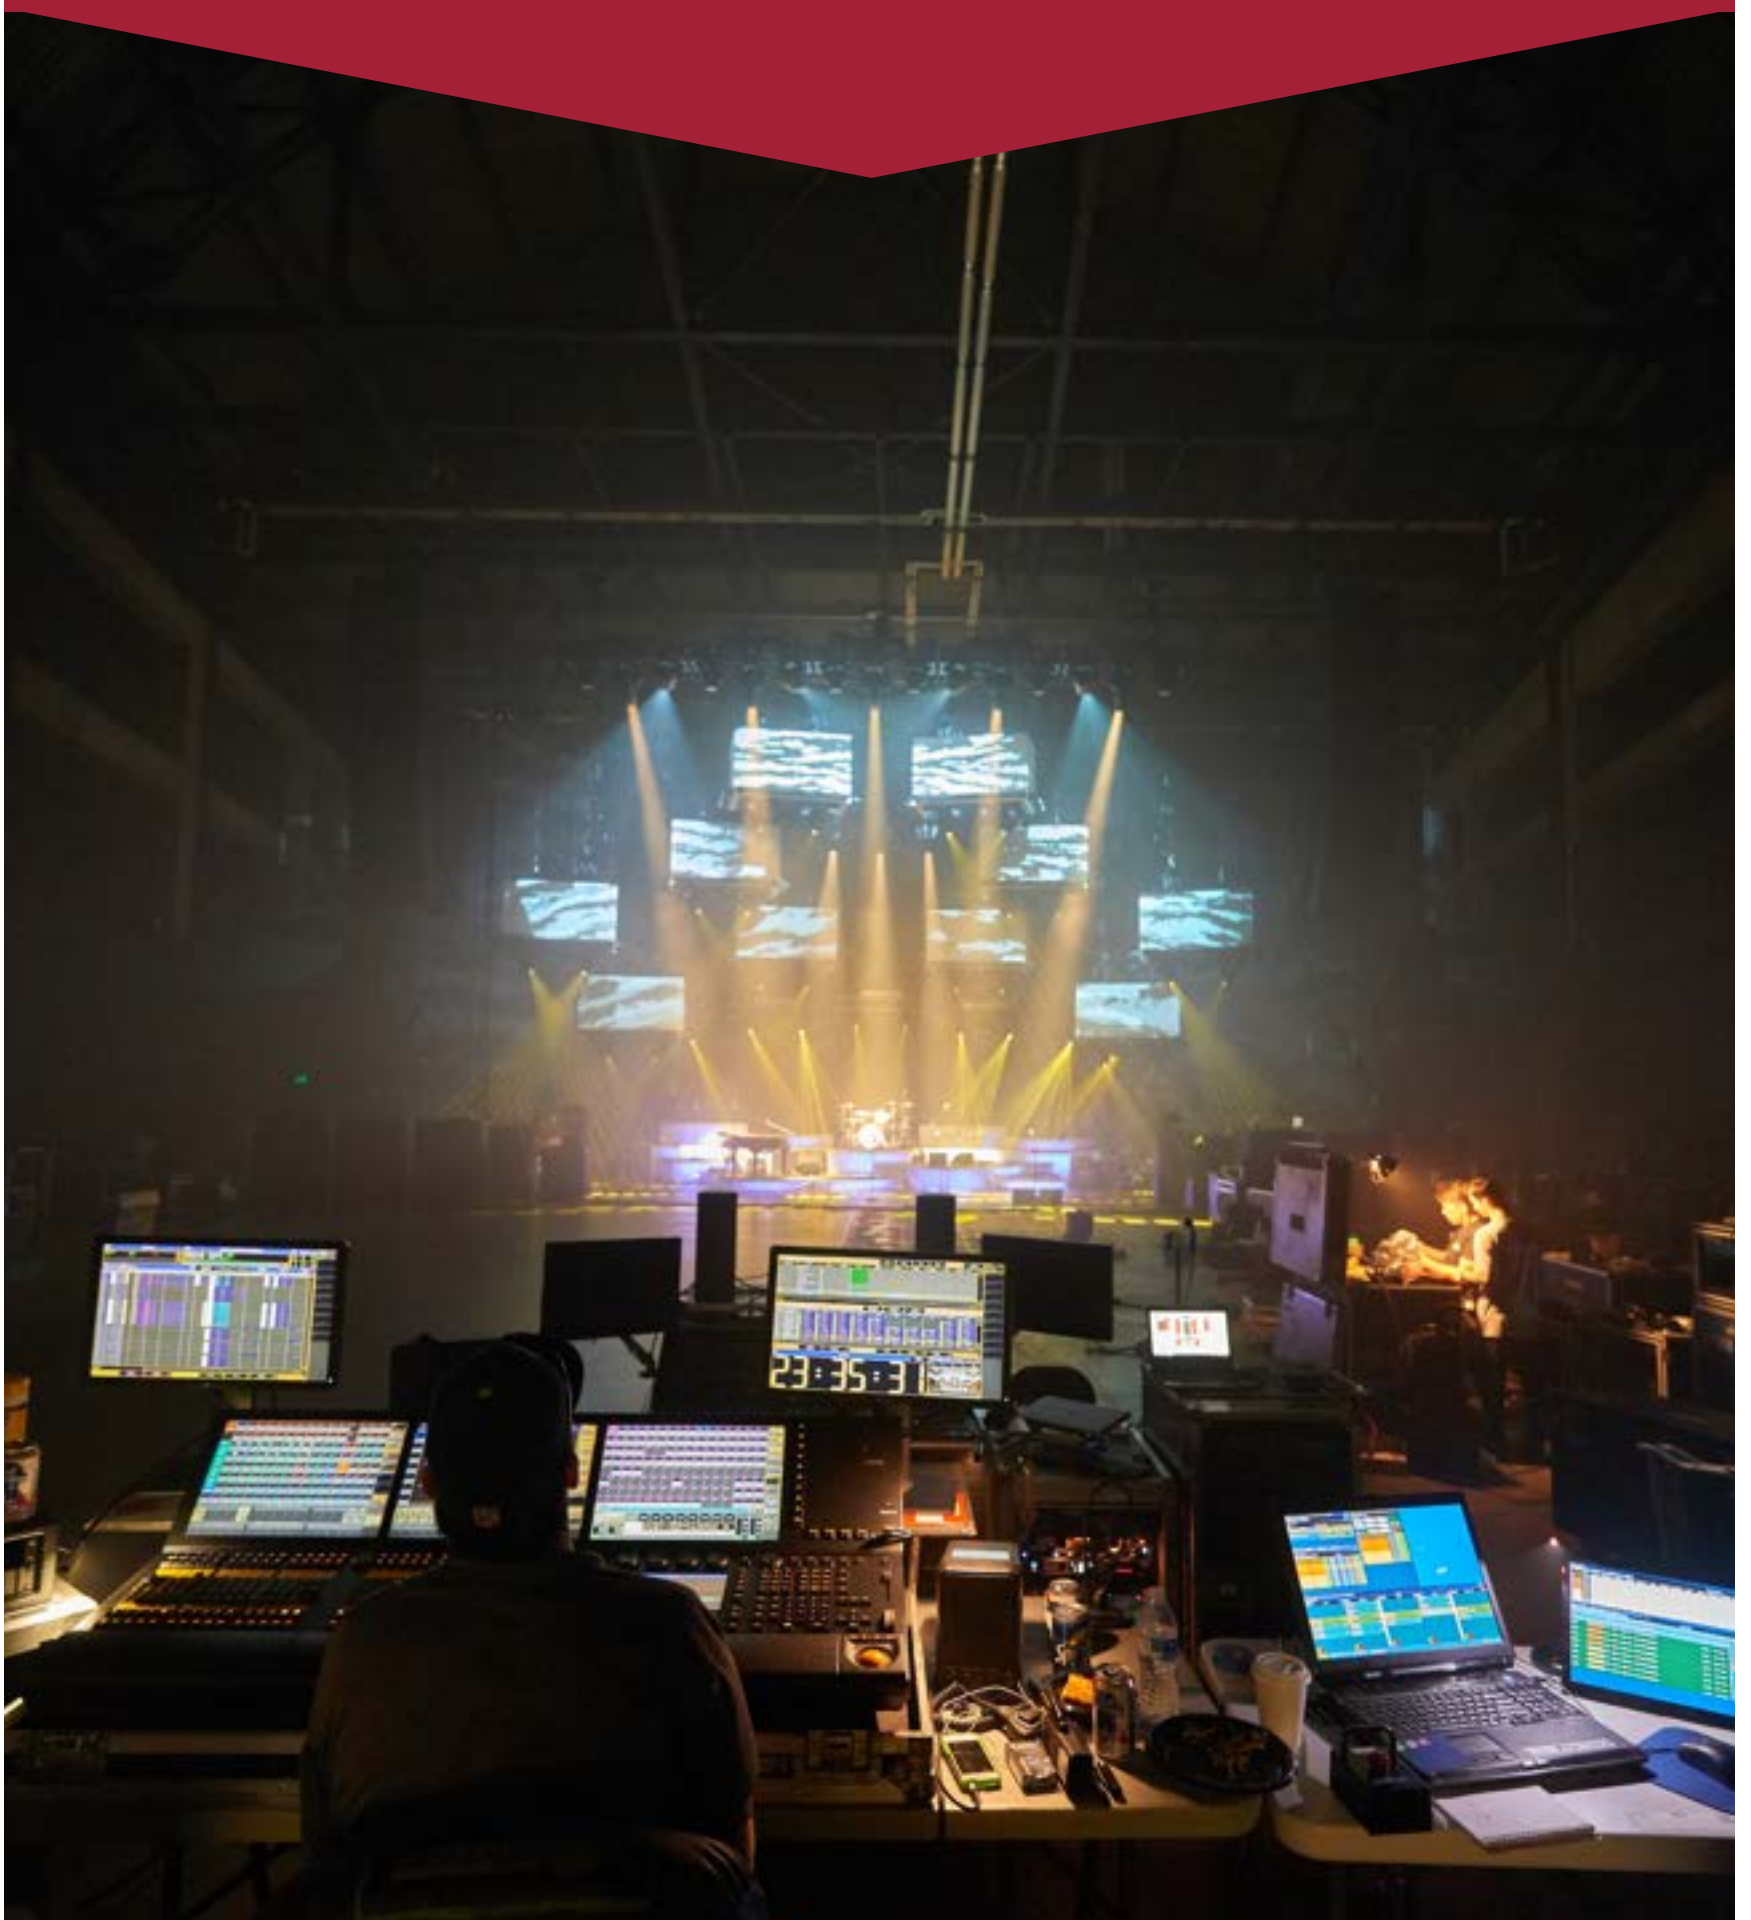

RIGS & PREP

Complex sets and stage set ups require flexibility and stability to ensure the show goes off without a hitch. With an extensive inventory of rigging, truss and motors, including custom designed LED I-Beams and more. LMG Touring has the right infrastructure to get your show off the ground.

LIGHTING & CONSOLES

Lighting is an artistic endeavor that delivers impact, emotion, intensity, form and color. Our GrandMA consoles provide a seamless and limitless interaction with our lighting fixtures from leading manufacturers like Robe, Clay Paky, GLP Varilite, Elation and more.

LED

You imagine it. We build it. LED allows for a versatile, lightweight, and cost-effective solution to dynamically display your content in a captivating digital format. These life-size building blocks enable you to choose everything from pixel pitch and shape to size and configuration for a truly customized solution! The options are endless.

BROADCAST PERFORMANCE

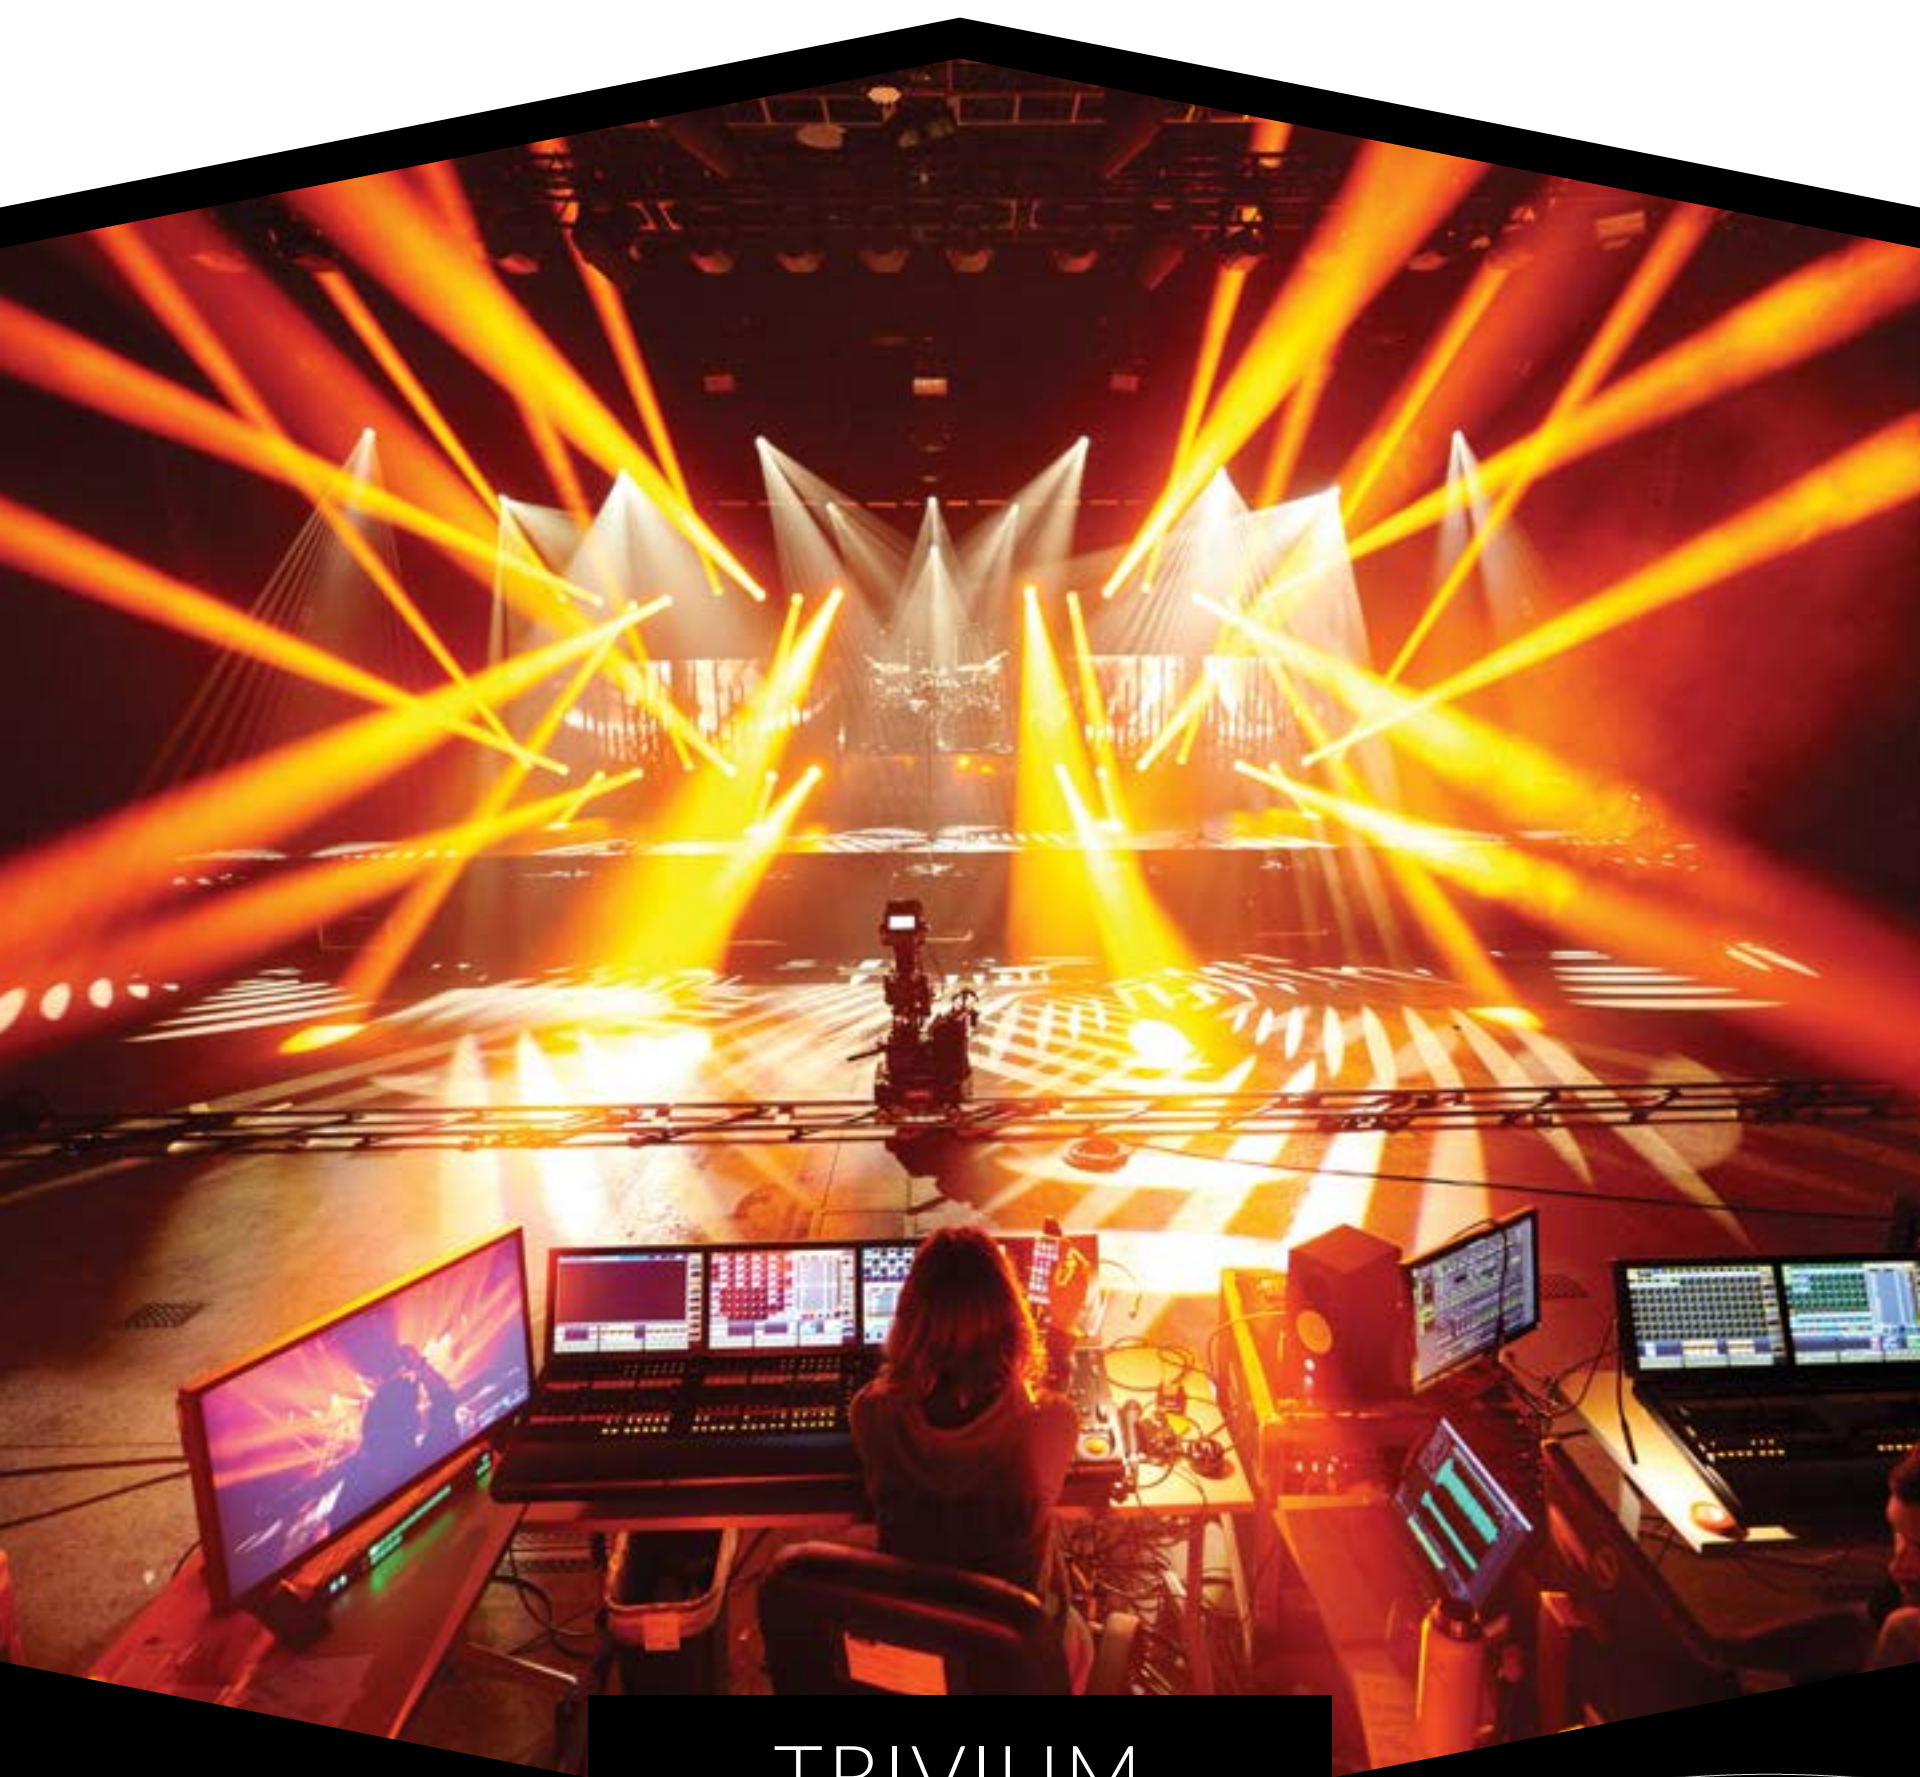

LMG Touring reached new heights by executing a cinema-style shoot for the Killers' atop Caesars Palace. Bringing a "Rock Concert Feel" to the daring venue, we utilized 4k cameras and cinema camera lenses. The Touring team provided a turnkey broadcast solution consisting of audio, lighting and camera/switching.

THE KILLERS

LIVESTREAM

The LMG Touring team provided audio, LED, media servers, and lighting for many several succesful livestreams. Displayed on Roe CB8, the technology allowed for incredible brightness and blow-through creative options. The Touring team used innovative problem solving and provided state-of-the-art technology, elevating the performance to the next level.
